

U-Zip-It™

Aircrew Anti-Exposure Flight Suit

- Unique U-Zipit™ low slung entry zipper design provides ease of donning, unassisted zipper closure, enhanced comfort, and freedom of movement
- Articulated knee, seat and elbow chafe patches are constructed of highly abrasion resistant, heavy duty Nomex®/Kevlar® Ripstop fabric
- Flame resistant shawl collar protects the neck seal while an internal Nomex® neck guard provides added comfort
- Internal suspender system allows the suit to move with the body without sagging or binding

- Fully unisex relief without suit removal
- Removable foam knee pads for flight crew operations
- Articulated, flame resistant wrist seal over-cuffs
- Convenient and capacious sleeve and thigh pockets
- Comfortable CWU-75P stretch Gore-Tex® socks installed
- Available in Rescue Orange, USCG Blue, Sage Green or Black three layer Gore-Tex®/Nomex® breathable fabric
- Available in a full range of sizes
